

April 16, 2018

2018 Legislative Session

On Saturday, the House and Senate both adjourned sine die, which means that the 2018 session has officially concluded. Over the weekend, lawmakers completed work on some key items, which included overriding Governor Bevin's vetoes on the state budget and tax reform legislation. These veto overrides ensured that the General Assembly was able to enact its versions of the budget and revenue package that included new tax measures, which were both passed earlier this month.

The tax reform bill is projected to generate nearly half a billion dollars in revenue for Kentucky over the next two years. While the bill lowers personal and corporate income taxes for most Kentuckians by creating a flat rate of 5%, it broadens the tax base with new revenue measures that include a cigarette tax increase of 50 cents per pack and an expansion of the state sales tax to some services, such as landscaping services, janitorial services, veterinary services for small animals, fitness and recreational sports centers, commercial laundries, golf courses and country clubs, dry cleaning, pet grooming, weight loss centers and campgrounds.

Revenue from this measure allowed lawmakers to craft a state budget that avoids some, but not all, of the budget cuts that were contained in the Governor Bevin's original budget proposal. Of note, the budget fully funds the state's main public pension systems at the levels recommended by actuarial analysis.

Throughout the legislative session, Kentucky REALTORS® worked to educate lawmakers about the importance of protecting the real estate industry during talks about budget and revenue. From our February Frankfort visit, to our SPC Call For Action, to our staff lobbying efforts, our voices were heard loud and clear by legislators who made the right decision to protect the real estate industry from a sales tax on services and to maintain the Mortgage Interest Deduction.

All in all, Kentucky REALTORS® had a successful session. Out of the **10 bills that KYR supported, 3 became law, and 3 others passed in at least one chamber.** Of the **5 bills KYR opposed, none left committee, or even received a hearing.** The bills that passed include reforms to the Workers Compensation System, clarifications to the way names are reflected on real property deeds, and legislation that clarifies what constitutes an assistance animal.

Please join us in thanking the members of our Legislative Quick Response Team, who took time out of their busy schedules to read and analyze bills each week. We appreciate your leadership this

session! Please also join us in thanking the SPCs who reached out to their legislators on tax reform, everyone that joined KYR's February Meeting in Frankfort, and anyone that took the time to reach out and connect with their legislators. You all made a huge difference and should be proud of your efforts. Now it's time to keep up the momentum and keep the discussion going! We will continue the education process during the interim period.
